Action of the Board

---

March 1960

---

If an authorized operation cannot be performed during the period designated in the order of the Eugenics Board:

- a. The petitioner should request an extension of time by writing the Executive Secretary of the Eugenics Board and specifying the reason for the request.
- b. Notice of the action of the Board approving the extension of time will be sent to the petitioner in triplicate. The original letter granting extension is to be attached to the original order of the Eugenics Board and a copy to the copies of the order intended for the physician and for the petitioner.

2. Change in surgeon.

If the operation cannot be performed by the surgeon or the member of the staff of a designated hospital named on the order of the Eugenics Board:

- a. The petitioner should write the Executive Secretary of the Eugenics Board and request authorization for another specific surgeon or staff member of a specific hospital to perform the operation. The reason for requesting the change should be specific. The request will be handled as in paragraph C-1 above.
